

Texas Appleseed works to ensure that immigrants with cognitive disabilities receive justice and fair treatment in the immigration court and detention system.

Latest News...

- **Monitoring of conditions in immigration detention facilities.** Texas Appleseed continues to examine conditions in Texas' immigration detention facilities and to advocate for improved immigration court processes and better quality of care for detainees with cognitive disabilities.
- **Updating of landmark findings on immigration detention.** We are assisting with the update of our groundbreaking report released in March 2010 on [Justice for Immigration's Hidden Population](#) in detention facilities.

TRAINING RESOURCES for attorneys representing immigration detainees with cognitive disabilities.
